Work Experience

🔵 **Cars In Rwanda**
2024 - present

I contribute to backend development within a large team, employing NestJS with TypeScript and TypeORM for database management, to build a car rental platform.

🔵 **Pesa choice (Huza)**
2023

I worked on comprehensive end-to-end testing efforts, leveraging Jest alongside a suite of other tools and frameworks.

🔵 **Andela Rwanda**
2022 - 2023

I received intensive training in advanced technical concepts, agile methodologies, and leadership skills, emerging as a proficient leader in software development.
